Loft

A space full of possibilities! Meetings, celebrations, receptions, yoga classes – all this and more is possible in our spacious, light-flooded loft. A screen, a projector and countless seating options, together with the special atmosphere of the room, ensure the perfect working conditions. Would you rather have a private event? A comfortable lounge area, a table football table and a small kitchenette give you the freedom to choose when organizing your event.

Forest room

One thing applies in our bright, spacious Forest room: being able to develop creatively. Whether a classic conference, exciting workshop, family celebration or yoga class: everything is possible! Natural light, different seating arrangements and appropriate equipment provide enough space to make your event something very special. If you need even more space to develop, you can easily book our adjoining underground courtyard. By the way: Of course you also hold meetings here, like in all of our other accessible, climate-positive locations!

 Number of people: 1-20 people, according to seating

The Trunk

Gatherings, meetings and discussions: This works particularly well in our spacious trunk. In the quiet, bright room you can hold (team) meetings, workshops and seminars for up to 8 people. The air conditioning keeps you cool even in summer and allows you to fully concentrate on your projects. Or maybe you're just spontaneously looking for a nice place to work for a few hours? Just talk to us! One thing is definitely certain: no one has to pack their bags here, but can be particularly inspired by the atmosphere.

Room 20 Lounge

A room with history! Initially the office of the founders Marga and Heinz Förtsch, whose back room, according to legend, was occasionally used for “kaddeln” (playing cards). Then the hotel room 20. And now? Now you can make yourself comfortable there alone or in a group, enjoy a coffee or a beer and also play a round of cards. Of course, small meetings, workshops or seminars are also possible – Franconian flair included!

 Number of people: 1-12 people, according to seating

 Room size: 27 qm

 Seating:  8  12

Deep courtyard

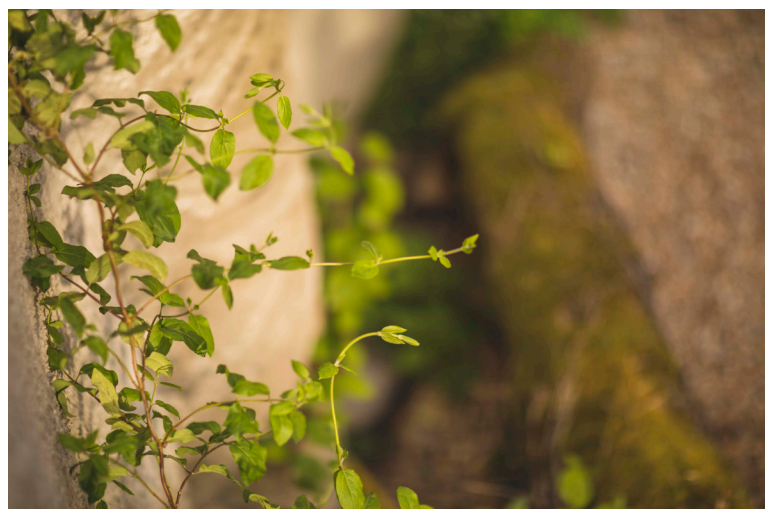

What'll it be? A private brunch, a birthday breakfast or a small family celebration in the fresh air? In our deep courtyard you sit secluded and quiet so that you can be completely alone. Natural greenery, a waterfall (on request) and upcycling elements create a very special atmosphere. It quickly makes you forget that you are in the middle of the city. Simply contact us and we will take care of everything important.

 Number of people: 1-40 people, according to seating

Size: 127 qm

 Seating:  

Rooftop garden

No matter whether you are planning a private event or are simply longing for a few relaxing moments away from the hustle and bustle of everyday life: book our rooftop garden and look forward to beautiful views. We would be happy to host you up there above the rooftops and make sure that you feel comfortable. Talk to us and we'll plan the details together!

 Number of people: 1-20 people, according to people

 Size: 57 qm

 Seating:  

Treetop

Looking over the roofs of Erlangen with a cold beer in your hand – and all that in the shade of a pine tree? That puts the crown on the whole thing! Book this extraordinary location for special moments with a maximum of 12 people. Depending on your wishes, we can transform this terrace into what is probably the highest beer garden in Erlangen or organize a romantic candlelight dinner at sunset. We're also happy to make you happy with a drink up here after a meeting or a long day at work. See you at Treetop!

 Number of people: 1-6 people

 Size: 17 qm

 Bar with bar stools, individual chairs

Glass house

Anyone who lives in a glass house should be happy. Give it a try! There is no lack of panoramic views in our cozy glass house, as it is located right at the top of the roof terrace. Here you can talk and work in a relaxed atmosphere without actually sitting outside. It is and remains a glass house and therefore not completely immune to the outside temperature. In summer, two windows and a sliding door help with natural ventilation so that you can keep a cool head. In winter we ensure a pleasant feel-good atmosphere with plenty of pillows and blankets. We would also be happy to accommodate you by prior arrangement. You dare!

Green Meetings

All conferences and events take place in a climate-positive manner. We will (over-)compensate for all the CO2 generated by the conferences.

In the first step, however, we pay particular attention to ensuring that CO2 emissions, as well as the amount of waste and the consumption of resources, are kept as low as possible.

So you can rely on the following at every event with us:

All conference materials are sourced from a sustainable supplier and have been produced in an environmentally friendly and resource-saving manner

All food and drinks offered are either regional and/or organic

For catering, we work with an organic restaurant that prepares all dishes fresh and seasonal.

Upon request, every participant will receive a climate-positive certificate

Our meeting rooms are largely equipped with circular economy in mind. Some furniture is handmade from discarded materials. When making new purchases, the focus is on recycling or circularity.

We avoid waste as much as possible. You won't find any small packaging here.

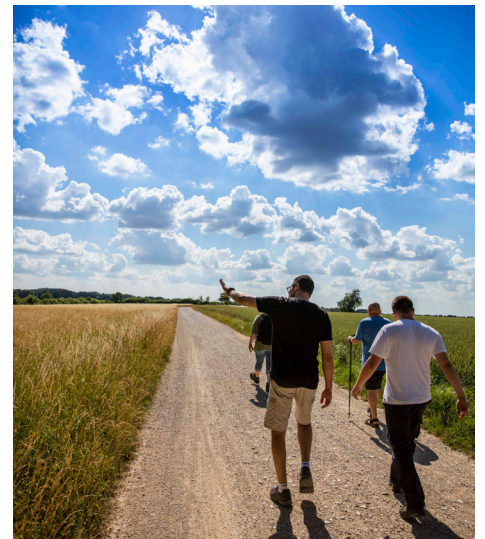

The Hotel Luise has already implemented over 250+ sustainability measures. Find out more on our Wall of Change: www.luise.eco

Experiences & more

Stand up paddling, cave tour, climbing forest, summer toboggan run, bouldering, city tour, scavenger hunt, outdoor escape game, laser tag, beer tasting, night watchman tour, escape rooms (indoor), cellar tour, hikes, bike tours, museum visit, paper making, ceramics course, herb tour, Siemens Med Museum, donkey tours, alpaca/llama hike, Nuremberg Castle, Bamberg, Fürth, brewery tour (Steinbach), wild horse watching - all this and much more is possible with us and in the surrounding area!

Talk to us about your individual experience!

Journey

Erlangen may not be the center of the world, but it is perfectly located in Germany to be easily reached from any region. The choice of means of transport hardly plays a role. Whether by bus, train, (e-)car or bicycle – everything is possible.

Cyclists can look forward to the amenities of an ADFC-certified hotel, such as charging stations for e-bikes and storage options for bicycles.

There are parking spaces for (e-)cars directly at the hotel and in the underground car park, as well as two Wirelane charging stations.

If you prefer to travel by public transport, you will find various bus stops right around the corner and Erlangen main train station is only a few kilometers away.
